⚠ Caution | Operating precautions for CD-ROM

Epilepsy Warning

● A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games may induce epileptic seizure in these individuals. Certain conditions may induce undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game - dizziness, altered vision, eye or muscle twitches, disorientation, loss of awareness, any involuntary movement or convulsions - IMMEDIATELY discontinue use and consult your physician before resuming play.

Do not damage or soil disc

● Be careful not to scratch the disc or allow it to become dirty. Do not bend the disc or alter the size of the center hole.

Store properly

● When storing, put the disc back in its original case and keep it away from places of high temperature or high humidity.

Do not write on the disc

● Do not write on or attach stickers to the disc.

Exercise care when cleaning

● When cleaning becomes necessary, use a soft cloth such as a lens cleaning cloth and wipe gently straight line from the center to the edge. Do not use thinners, benzine or other petroleum-based products.

■ Unlawful copying or renting of this disc is strictly prohibited.
■ This disc is intended for computer software use only. Do not attempt to play on conventional audio CD players as it may damage speakers or headphones.
■ Please read any Readme documents present on the disc. The documents contain important information.

System Requirements

The following software and hardware are required to play the game.

Necessary software and hardware
Operating System: Windows 95
CPU: Pentium 90MHz (Pentium 133MHz or faster recommended)
Memory: 16MB
Hard Disk Space: 20MB (120MB or more recommended)
Display Resolution: 640x480, 256 color or higher
CD-ROM Drive: 2X speed or faster
Useful Peripheral Equipment: PC Mouse, PC Game Pad

Note
• This software requires the DirectX driver. If you do not have the driver installed in your computer, you will need to acquire it from your computer's manufacturer. Sega does not distribute the DirectX driver.
• Performance is not guaranteed for computers utilizing LCD displays.

Installation

Note: For best results, turn off all open utilities and applications (including virus-protection software) before installing this game. Leaving other applications open may adversely affect the performance of the installation software.

1. Insert the CD-ROM in the CD drive.
2. This starts the installation program automatically. Please follow the on-screen instructions after the program starts.

Note
• If the installation program doesn't start automatically, please start it manually.
• **To Start the game:** After inserting the CD-ROM, select the game title from the Start menu.
• **To Exit the game:** Select EXIT from the GAME menu bar, or press [Alt+F4].
• Refer to the Online Help file for details on the game commands and how to play.
